Assembly Instructions:

Making a Tag Bookmark: Make one small diagonal cut along one corner. Save your little triangle scrap and place it over the other corner and use it as a guide to cut your next diagonal.

Paper Rolling: Hold the paper in one hand. With the thumb on the opposite hand, gently push the edges and corners of the paper inward creating mini rolls or ripples along the edges of the paper. Repeat as desired.

Stippling: Bunch the end of the Stipple tool together. Dab the Stipple tool straight up and down on your stamp pad to load with ink. Dab the Stipple tool on the paper and repeat several times on the edges of the paper to create the shadow effect as desired.

Stubble Tool Texture: Dab the Stubble Tool on the stamp pad to load with ink. Dab the Stubble Tool on the paper in a circular motion or in a crisscross pattern. Repeat as desired.

- [1] Using the 6" x 2" Vanilla Cream CS, make a tag bookmark.
- [2] Using the Stubble Tool and the Chocolate ink, distress the sides and edges of the bookmark.
- [3] Using the Stipple Tool and the Chocolate ink, distress the sides and edges of the 3" x 2" Stripe B&T Duos™ paper.

- [4] Using the paper rolling technique, roll the edges of the Stripe B&T paper.
- [5] Using the Chocolate ink and the "Thanks for Everything" image, stamp the image on the solid side of the 1 ¼" x 1 ¼" Small Flower B&T paper. Trim around the circle and roll the edges
- [6] Attach the 3-D foam square to the back of the circle.
- [7] Adhere the 3" x 2" Stripe B&T paper to the bookmark, about 1 ½" from the bottom edge.
- [8] Adhere three of the ¼" punches along the bottom edge of the bookmark, spaced evenly. Adhere the remaining hole punch to the top of the bookmark, centered.
- [9] Using the 1/8" punch, make a hole in the center of the top of the bookmark.
- [10] Thread the two 5" natural hemp strands through the hole and then thread the strands through the center of the small spiral clip.
- [11] Bring the hemp strands together, creating the bookmark tassel. Secure the tassel and spiral clip by tying the 1" natural hemp strand in a knot around the tassel.
- [12] Attach the 3-D circle to the center of the bookmark, about 3" from the bottom edge.
