▶ 4"

☆ Whisper Thick Twine (Z3095)

▶ 13"

☆ Gold Bling Gems (Z2023)

▶ (2) large

▶ (4) small

General Instructions:

Covering the side of the Box:

- * Using one of the Whisper CS box side pieces, place it into position on the box. Use a pencil to mark where the box flap opens. Cut a diagonal line to complete the side piece. Repeat 3 more times with the other Whisper CS side pieces.

Sponge Daubing:

- * Using Whisper Ink, Daub the edges of the Whisper CS pieces before adhering to the box.

Striped Paper:

- * Position the Striped B&T .5" from the edge of the right side of the box. Repeat with the similar pieces around the box.

Live your Day Banner:

- * Cricut Explore: I cut the words "Live Your Day" out at .65" in height. (Cut link Provided). Tape the (2) strips of Black Shimmer Trim onto the back of the Hollyhock CS which has been Edge Distressed and Dovetailed.
- * Expressions users: Please cut at .75" (using Black CS for the lettering is optional instead of using the Black Shimmer Trim)

Softening the Leaves:

- * Sand the face of the Leaves. Use the Journaling Pen to draw a line around the edges.

Loops of Twine:

- * Tie the two ends of the Twine together into a knot to create 1 big loop. Make a figure-8 with the loop and secure it to the box bending 1 of the loops so that both will show on the right side of the flower.

Rolling the Rose:

- * Use the Quilling Tool, gently roll the Rose making sure to roll it so that the Black Pattern is showing (Rose pattern is on the inside). Place the small Rose Button in the Center. Use Liquid Glass and Glue Dots to manipulate and secure the Rose into place.

Extra Quilling:

- * Using the Quilling Tool, gently roll the edges of the petals. A lot of the petals tore as I rolled but that's ok! Just keep rolling. Once it looks like a Rose you've don't it!

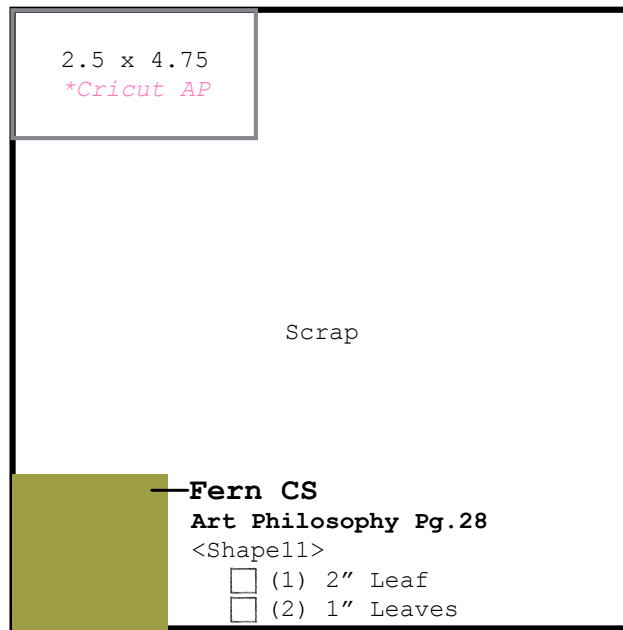

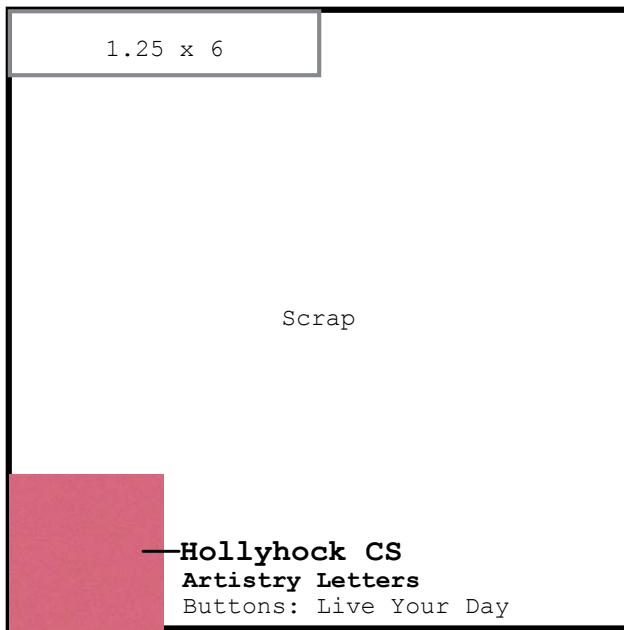

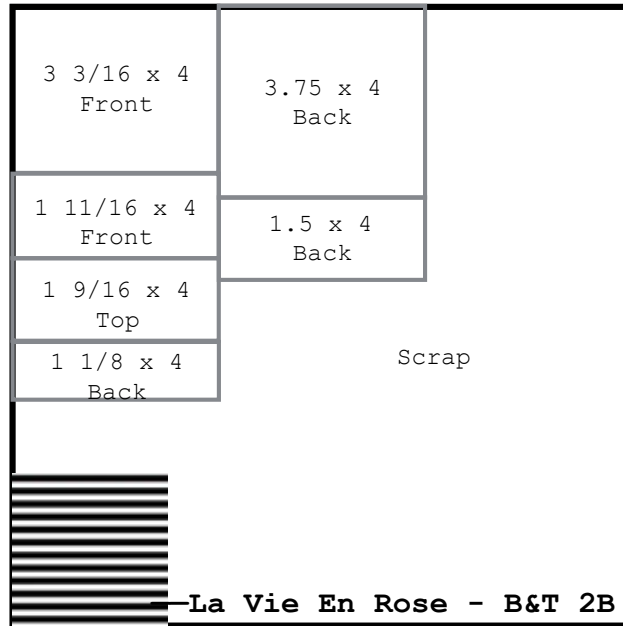

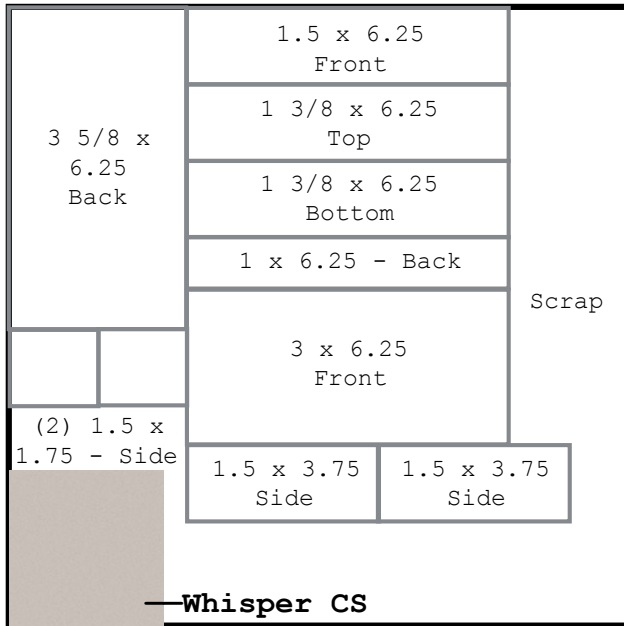

Embellishments:

- * Add the Gold Gems as shown in the picture.
